4.1.1 The institution has adequate facilities for teaching - learning. viz., classrooms, laboratories, computing equipment, etc

The institute has adequate and optimum infrastructure as per the norms and guidelines of PCI and KBC NMU Jalgaon. The college has fully equipped undergraduate laboratories and postgraduate research laboratories, spacious and adequate class rooms equipped with LCD projectors, computer laboratory with internet and Wi Fi facility. A well-equipped laboratory with spacious preparation room and departmental cabin. The approach of the college is to upgrade infrastructural facility to build-up the teaching learning environment. The college has administrative office, sufficient number of classrooms, laboratories, tutorial rooms, common rooms, seminar hall and indoor and outdoor playground facility, canteen, common auditorium hall, sick room, gymnasium and hostel facility is inside and outside campus. The Library with reading room has enough numbers of books and journals along with e-resources for users. Library staff provides personal assistance to differently-abled persons in utilizing library facilities effectively. The feedback collected from the staff and students about library facilities, helps to improve the facility. College also have well developed IT facility, computer lab maintained by system. Language Lab It promotes English Language Proficiency through CALL (Computer Assisted Language Learning), a module for Listening Comprehension Skill.

administrators and lab assistants. The college has sufficient electric supply with generator back up facility. Specialized facilities like machine room, medicinal plant garden, CPCSEA approved animal house, classrooms with LCD projector facility, e-library with high-speed internet & Wi Fi facility and central instrumentation laboratory equipped with sophisticated equipment's such as HPLC, UV spectrophotometers, FTIR etc. College has a housekeeping department headed by campus director for monitoring and regulating the maintenance of building, class room and laboratories. College provides sufficient fund through sanctioned budget for maintenance and purchase of infrastructural facility. The computer and Language laboratory specific software's are installed for

VISION- "To serve the Pharmacy Education in Tribal and Rural Community"

MISSION- To provide a Pharmacy education for backward students. To contribute the advancement of community services in Pharmacy and public health. To create a Pharmacist with Professional ethics used for better healthcare of the society.

students. The learning resource as a certification course for students by CASI KBCNMU, Jalgaon. MOU sanctioned with Govt. recognized Ayurvedic hospital Boradi.

In infrastructure all the laboratories in natural ventilation obtained by opening windows. A campus is inside and outside a spacious play ground given to all sports facilities.

The environment is aesthetically very pleasurable. Laboratories for each subject have adequate storage space and well furnish. The chemistry labs are safeguarded with fuming hoods, exhaust fans and charts. The labs have displays in the form of charts, posters, safety instructions and SOP's and also each lab having the outside museum. The activities in the laboratories are recorded into separate registers for usage of consumables, glassware's. The sophisticated instruments have log books. The central instrumentation facility has a provision of backup power supply. Computing equipment's are in line for a few of laboratory instruments that capture data interpreted it into signals using software. Besides this the computing facilities are made available in the complete lab where the computers with lateral configuration and hardware are provided to students. Through LAN facility 30 numbers of computers are connected for exchange of data sources.

Facility of Animal House-Is animal house maintained as per CPCSEA guidelines. The college has well maintained animal house as per CPCSEA guidelines (Registration number - 1268/a/09/CPCSEA Dated- 20 July 2009). All the record and data of animal house usage are maintained as per the norms of CPCSEA.

VENTILATION

Ventilation is the dynamic parameter that complements the concept of air space. For a given number of workers, the smaller the work premises the more should be the ventilation. Ventilation differs from air circulation. Ventilation replaces contaminated air by fresh air, whereas as the air-circulation merely moves the air without renewing it. Where the air temperature and humidity are high, merely to circulate the air is not only ineffective but also increases heat absorption. Ventilation disperses the heat generated by machines and people at work. Adequate ventilation should be looked upon as an important factor in maintaining the worker's health and productivity.

VISION- "To serve the Pharmacy Education in Tribal and Rural Community"
MISSION- To provide a Pharmacy education for backward students. To contribute the advancement of community services in Pharmacy and public health. To create a Pharmacist with Professional ethics used for better healthcare of the society.

Natural ventilation, obtained by opening windows or wall or roof air vents, may produce significant air flows but can normally be used only in relatively mild climates. The effectiveness of this type of ventilation depends largely on external conditions. Where natural ventilation is inadequate, artificial ventilation should be used. A choice may be made between a blown-air system, an exhaust air system or a combination of both ('push-pull' ventilation). Only 'push-pull' ventilation systems allow for better regulation of air movement.

The advanced tool includes;

- Wi-Fi facility in all campus
- LCD projector with desktop and voice amplifier
- CCTV camera in all campus area
- Audio system & Video conferencing
- Language lab
- Computer Lab with LAN system
- Digital Library- LMS software & DELNET facility
- Solar power panel
- ICT facility in classroom
