4.3.1 Institution frequently updates its IT facilities including Wi-Fi.

Class rooms have the provision to use latest equipments for teaching and learning in the college. Following technologies are used for teaching and learning in the college. LCD Projector and smart board with latest technology is used for effective teaching in various subject. The LCD projector and smart board with latest technology is fixed in the class room which is regularly use by the teachers and students for micro teaching lessons. We also used Over Head Projector for teaching. Micro phone and speakers with suitable amplifier unit is fixed in a lecture hall which is regularly use by the teachers. The teacher educators also use collar mike and cordless mike in the classroom. Language Lab It promotes English Language Proficiency through CALL (Computer Assisted Language Learning), a module for Listening Comprehension Skill.

All the faculty member themselves got computer literate and have hands on experience on handling the different hardware and software. They also train the teacher educators in handling these instruments. The teacher educators from other teacher education institutions come to our college and learn the new developments from our teacher educators. The teacher educators of our college use the ICT facilities available in the college for presentations in the class room, university, seminars, workshops etc. This makes their communication very clear. Some of the teacher educators have produced their own C.D. of their presentations and make it available on You Tube.

Dedicated computing facilities

Institute provides good IT facility to student with 40 PC, printer 5, internet lease line 40 Mbps with Wi-Fi facility.

LAN facility

The institute has a structured LAN facility. Network is in 1 tier architecture comprising of the Core, Distribution & access. All the end users/workstations are connected through 10/100/1000 base ports. All the LAN attached users are connecting to the Access Switch Based on the VLAN & Security Policies associated to them as mentioned above.

VISION- "To serve the Pharmacy Education in Tribal and Rural Community"
MISSION- To provide a Pharmacy education for backward students. To contribute the advancement of community services in Pharmacy and public health. To create a Pharmacist with Professional ethics used for better healthcare of the society.

IT facilities

Our college is providing complete IT facilities with proper network security and sufficient access to data on internet. The college has provided all the system and necessary application software's as per AICTE norms. The full time system administrator has been appointed to maintain IT services. The college is maintaining the security and confidentiality of the data available on computer networks. All users are responsible for protecting those resources and the information used, stored or transmitted. College is providing network security by allowing moderate access to content on internet. The college also maintains the national laws regarding the use and confidentiality of the data available on network systems. To prevent the misuse of data and violation of laws related to security, the college has appointed the full time system administrator and also taking help of advanced softwares like Fortiguard Web Filtering. The objective of our college is to minimize the risks by limited exposure to data on internet. This is useful in preventing undesired event or adverse effects, while simultaneously increasing the efficiency and usefulness of its operations in accordance with best practices recommended. The college has all the required softwares which are procured by following routine procedure and are maintained by system administrator along with annual maintenance contract. The college is bound to manage its software assets to deliver maximum benefit to its users. Further college ensures that all members of the computing users use, reproduce, distribute, transmit, and use computer software in compliance with the national laws. Our college encourages the active use of open source products, either operating systems or specific applications and encourages environment for creating open source solutions and to keep IT related expenditure at a minimum. Our college is devoted to maintain the environment by using minimum power consumption, IT upkeep practices, and to dispose all IT wastes in environmentally sustainable manner.

KVPS, I P E College of Pharmacy is situated in the campus of Karmveer Vyankatrao Randhir, Post Boradi. The college has adequate state of art building containing physical infrastructural facilities that support and facilitate teaching learning process. In college, all the activities such as administrative, curricular, academic, research, examination and extracurricular are carried out on time in the college building. The college has well equipped laboratories, seminar hall, class rooms, administrative office and library, common rooms for boys and girls, faculty room, canteen, wash rooms, hostel facility, play grounds for indoor and outdoor games and auditorium for students to conduct various curricular and extracurricular activities. The college has well equipped research laboratory along with sophisticated instrument and machine rooms with Research laboratory to facilitate research activities associated with teaching and learning processes. All laboratories are fully equipped to provide demands of students and research scholars with proper water, gas and electricity supply. Further, all laboratories are designed with the safety features which provides good atmosphere for academic and research works. The class rooms are designed to meet needs of conventional teaching as well as audiovisual teaching depending upon the requirement. The institution has 24x7 powers backup with generators so that there is no disturbance in teaching and learning activities. The organization has its own rain water harvesting policy. Under this we have check dams for collecting rain water. Also we have water treatment plant to recycle and in addition we have separate water supply connection from public water supply which supplies water on daily basis. This meets the need of water for students in college as well as in hostels. As per the All India Council for Technical Education and Pharmacy Council of India norms, building and infrastructure facility is exclusively utilized for education and research. Infrastructure is optimally utilized by undergraduate, postgraduate and Ph.D. students and staff members for their research work. They can access the infrastructure facilities on holidays with prior permission. Students use the computer facility for e-books, referencing, scientific literature, internet surfing without disturbing the routine time table. The Infrastructure is also optimally utilized for organizing scientific seminars, conferences and extracurricular program and social activities like blood donation camp, medical checkup, cancer

awareness, AIDS awareness programme and environment awareness day. Faculty and students of other institution utilizes the library, sophisticated instruments, machine room, Research lab and animal house facility for their research work.

The college provides internet connection through lease line which gives high speed connectivity and fast speed downloading facility. The faculty uses ICT resources for teaching learning and research work. The seminar hall has been equipped with LCD projector system. The college has adequate computer facility for its faculty and students. To add, all the departments are well equipped with computer and internet facility. The faculty takes help of ICT resources to complete their prescribed curriculum. Also a separate computer system and LCD are made available as per requirement of teacher.

The college has enough budgetary allocation for development and maintenance of infrastructure and facilities. The demonstration of working and maintenance of every new instrument or equipment is arranged for faculty and supporting staff whereas use of sophisticated instruments and their maintenance is done under the supervision of incharge. SOPs, log books of all instruments are maintained. While installing the instruments, installation guidelines provided by manufacturer are strictly followed. The sensitive equipments are placed in air-conditioned central instrument room. Students are instructed to follow standard operating procedures strictly during uses of instrument. In all other laboratories, voltage stabilizers are connected with major equipments. All the instruments are regularly checked or repaired by service engineers. The principal, on the basis of broad view development plan, recommends the infrastructural intensification needs to the concerned authorities. The college development fund is utilized for maintenance and minor repairs of furniture and equipments. The devoted civil department prepares proposal and estimated cost of the planned construction project and submits it to management. If management satisfied, approves and allocates the funds. The college provides transportation facilities to students, drivers having valid driving license are allowed to drive the vehicle. The vehicles are insured and tested for pollution. The college has an electrical department which comprises a team of electrician headed by an electric engineer. All the electrical maintenance is done by our electrical department. The college has a competent power supplier and also self-sufficient generator for power backup. The
