INDUSTRIAL TRAINING

✚ One Month Industrial Training

Industrial training is mandatory for B.Pharm students as per K.B.C.North Maharashtra University Jalgaon. College Training and Placement Cell facilitates arrangements for four weeks in-plant training to be undergone by the T. Y. B. Pharm students. At the beginning of Semester-V, the Cell gives orientation to the students regarding the purpose of In-plant training and procedure to approach industries for the same. The Cell facilitates issue of official appeal letters to the students which need to be submitted to industries.

The Cell further coordinates with industries for the confirmation of accommodation of training. On completion of the training, the students are asked to submit a report of the same and appear for a short individual interactive session with the Training Cell regarding their observations and experiences during the training. Students are evaluated based on the above criteria.

The students are exposed to following areas during industrial training,

- Tablet/Capsule/Parentrals/Vaccine manufacturing
- Quality Assurance
- Quality Control
- Packaging
- Clinical Research
- Analytical Method Development
- Drug Regulatory Affairs

Training and Placement cell of institute made contacts with Pharmaceutical Organization for providing industrial practical Training for our students. Accordingly following companies accepted our students for one month industrial training,
