A) Safety and Security:

Institute of Pharmaceutical Education Boradi, takes care of the social security not only for the persons associated with IPE but also try to influence the people of nearby area The college building is located in a gated-community kind of an environment with security guards at all entrances and exits. All students and faculty members are checked for their ID-cards before entering the campus thus barring thoroughfare. CCTV Surveillance monitors college buildings. There are cameras in the corridors, library, and labs and also in few classrooms. This is making the campus completely safe.

B) Counselling:

Though college has policy to do the counseling in various levels including special care for counseling in gender equality and gender amity. It takes pro-active role in creating social, physical and psychological environment and awareness. Counseling is provided to encourage the students for early reporting of any experience regarding sexual harassment or gender conflict. In order to train the faculty members in counseling skills workshops and seminar are organized from time to time to give them theoretical input and practical guidelines. The following workshops were organized.

C) Common Room:

The institution has established a common room to facilitate female students. The common rooms are not only physical locations within the college, but they are also communities of students and staff. The room is designed to give female students a place to relax, study, and have informal discussions during their free time. Sanitary pad vending machines are made available near to the ladies washroom, along with a provision of resting room for girls.

D)Day Care -Center:

The Day Care Centre, at our college was established on 2nd September 2015. An integral part of the system, this Centre was established to help working parents employed in the college to cope with the problem of providing quality child care while they are away at work . The Centre is well equipped with all the necessary paraphernalia required for quality child care The Day Care Centre has started providing nursery and pre-nursery courses for the kids. The Day Care Centre is also helping the working parents mothers of the fringe area who are not the members of the community.
